Online Country Analysis for Today’s Global Marketplace

Investing and trading in a foreign market can be a high-risk/high-reward pursuit. dnbcountryrisk.com puts you in the best possible position to manage that risk by keeping you informed of the latest developments across the globe.

dnbcountryrisk.com is an online resource that provides the critical economic, political and commercial information needed to facilitate decision-making when trading in multiple countries around the world. Displayed in an easy-to-follow format, dnbcountryrisk.com presents country-level intelligence on the majority of the world’s GDP to provide insight into cross-border and key global trends.

How can dnbcountryrisk.com help your business?

Whether you are involved in foreign trade, financial risk analysis or supply chain management, understanding the ever-changing commercial risks is crucial for effective risk mitigation and decision-making. Updated frequently as per the Schedule Notes* section below, dnbcountryrisk.com allows you to confidently evaluate your global risk exposure and predict ongoing developments by providing insight on 132 countries in a concise fashion.

The data, analysis and forecasts are combined with D&B’s Country Risk indicator, which facilitates the comparison of business conditions across countries around the globe, meaning you can fulfil all your country assessment requirements from a single expert source.
What kind of products are available on dnbcountryrisk.com?

Regardless of your subscription, you will have access to the below resources.

1. International Risk & Payment Review (IRPR)

The IRPR presents comprehensive information on 132 countries in a user-friendly format, offering valuable insights into cross-border activities and important global trends.

It includes:

- Access to the last 12 months of Country Insight Snapshot (CIS) reports across all regions

Country Insight Snapshots include the below sections:

- Overall Country/Region indicator
- Country Insight Headlines
  - Credit Environment
  - Supply Environment
  - Market Environment
  - Political Environment
- Statistical Reference
2. Regional Collection

If your business has specific regional requirements, you can explore our flexible options of single or multiple regional offerings.

It includes:

- Subscription to one or multiple of the following regions: Africa, Middle East, East Europe, Asia Pacific, Americas, West Europe
- Access to the last 12 months of Country Insight Snapshot (CIS) reports for your selected region(s)
- Access to the latest Country Insight Report (CIR) for your selected region(s), which covers 9 additional pillars than CIS
- Risk indicators for specified region(s)

Country Insight Reports (CIR) cover 9 additional pillars:

- Overall Country/Region indicator
- Global Insight
- Regional Insight
- Country Insight Headlines
  - Credit Environment
  - Supply Environment
  - Market Environment
  - Political Environment
- Short-Term Economic Outlook
- Long-Term Economic Outlook
- Market Potential
- FX Risk
- Transfer Risk
- Business Regulatory Environment
- Business Continuity
- Political/Insecurity Risk
- Expropriation/Nationalisation Risk
- Statistical Reference

3. Global Collection

Alternatively, if you require an in-depth look across all 132 markets, you can sign up for the global collection.

It includes:

- The latest 12 months of Country Insight Snapshots (CIS) across all 132 countries
- The latest Country Insight Report (CIR) for all 132 countries, which covers 9 additional pillars than CIS

4. Country Insight Enterprise Solution

For consultancy services, this package will expertly address your bespoke questions on country risk-related issues, providing tailored solutions to meet your unique business needs.
Further product sheets in the Country Insight Series

Country Insight Report (CIR)
In-depth analysis of a single country’s risks and opportunities in relation to the global and regional business environment. Current, short-term and long-term recommendations.

Download fact sheet

Country Insight Snapshot (CIS)
Snapshot view of a single country’s cross-border risk exposure focusing on the Political, Commercial and Macroeconomic environments. Guide to payment terms and delays.

Download fact sheet

Multi-Dimensional Analysis (MDA)
MDA Scores provide a unique, at-a-glance, focused risk indicator within each of our 14 key dimensions, which include FX Risk, Market Potential, Business Continuity, Business Regulatory Environment and Political/Insecurity Risk.

Download fact sheet

Sector Risk Rating (SRR)
SRR provides customers with a matrix to evaluate risk in their portfolio on a cross-country, cross-sector level. It is the first of its kind – a global rating of sectors across countries on a consistent rating scale (DB1 to DB7).

Download fact sheet

Country ESG Rating (CESG)
Dun & Bradstreet’s Country ESG Rating (CESG) encompasses three major verticals in Sustainability Analysis – Environment, Social, Governance – and assigns a composite rank for each country. The CESG uses nearly 100 quantitative and qualitative parameters and aggregates them using statistical measures.

DElivered usiNG DUN & BRADSTREET’S DATA AND EXPERTISE

Dun & Bradstreet’s Country Insight Group (CIG) solutions deliver country- and region-specific insight and data-driven analysis, helping businesses in various industries and sectors globally minimise current risks. Our solutions allow you to identify emerging challenges and explore opportunities for market expansion and longer-term investment. CIG’s analysis covers economies accounting for 99% of global GDP.

Our experienced country-intelligence specialists use Dun & Bradstreet’s proprietary data, supplemented by secondary data from the International Monetary Fund, World Bank and other multilateral organisations, to provide unique analysis to drive sound business decisions.

Updated frequently – and monthly for our most requested countries – our data and analysis are presented in a format that facilitates the comparison of economic, political and commercial conditions on a country, regional and global level.
